

Secrets to success be shared at luncheon

LOPATCONG — The Warren County Regional Chamber of Commerce holds its “Secrets of Success Luncheon” 11:45 a.m. Wednesday, Jan. 23 at The Architects Golf Club.

The focus of the event is the Technology Challenge being organized in association with the New Jersey Chamber of Commerce. This online performance-based assessment tool enables businesses to test their skills when it comes to word processing, spreadsheets, presentations and the

Internet.

A pilot project scheduled for February will provide participating businesses with unlimited access to the online program in two areas: determining the skill level of current employees for training purposes and evaluating the skills of a job application. Registration forms will be available for businesses that want to participate in the pilot project.

To register for the luncheon, e-mail rsvp@warrencountychamber.org or call (908) 835-9200.
