

Hampton school honored

HAMPTON - Hampton Elementary School has been recognized as a 2006 Just for Kids New Jersey Benchmark School for high pupil achievement on the state's assessments.

Benchmark Schools are schools designated by the Business Coalition for Educational Excellence (BCEE) at the N.J. Chamber of Commerce, using assessment results that are annually posted to the Just for the Kids-New Jersey Web site, www.just4kids.org.

Some 69 schools, including Hampton Elementary School, were honored at an event for their performance on the state's proficiency assessments, and were given recognition banners for their achievement.
